description: BLAZ rdece is a our red wine from the grapes Merlot and Cabarnet Sauvignon. It is only produced in the best vintages and is rich in ruby red colors with shades of red purple. The fragrance is complex and rich dominated by forest fruits and plums and in the background smells of spices and dark chocolate. BLAZ rdece has a bold and proud body with sparkling tannins and long fruity aftertaste. A wine, despite its years, always has the potential to continue to be stored.
